

Medical Stop-Loss Solutions Designed to Fit Every Need

As an innovative, full-service Managing General Underwriter (MGU), we specialize in navigating the complexities of Medical Stop-Loss programs including:

Traditional Stop Loss | Captive Solutions

As a partner, we want to put employers in a position to zero in on the well-being and growth of their business. That's why we develop tailored strategies that create sustainable financial stability and handle all operational and reporting functions including:

- Underwriting
- Medical Review
- Reserve Estimates
- Reimbursement Audit
- Monthly Reporting

We Offer

A comprehensive suite of unbundled underwriting and insurance management services to align with our client's distinct business, financial objectives, and risk tolerances.

- Comprehensive Risk Assessment
- Competitive, Highly Rated Capacity
- Reinsurance and Fronted Insurance Structures

Our strategy blends proven leadership with a focus on partnership, transforming high-cost claim challenges into catalysts for stability and growth. Prioritizing deep connections and leveraging advanced technology, we offer prompt, precise solutions our clients depend on.

Rooted in Partnership

Building trusted partnerships to tailor successful stop-Loss solutions for every unique client need.

Built on Precision

Our approach focuses on precision from analysis to solution implementation, ensuring every strategy directly meets your specific needs for stability and growth.

Secured with Expertise

Our team of experts specialize in transforming complex risks into clear-cut, straightforward solutions.
