

ISLS Preferred Cost Containment Relationships for Optimal Outcomes

At ISLS Claims Solutions, we believe in the power of collaboration to proactively manage healthcare claims effectively. Our partnerships with leading vendors and service providers ensure comprehensive, end-to-end solutions for our clients.

Cost Containment Services

- Claims Negotiation: Screens for overbilling and errors, detailed audits, and savings on high-profile cases.
- Cancer Treatment Management: Accurate diagnoses, evidence-based protocols, and personalized treatment plans.
- High-Cost Therapy Management: Access to top providers, expert clinical insights, and cost forecasts for emerging therapies.
- Medical Bill Auditing: Complimentary pre-screen evaluations, error corrections, and robust appeals management.
- Cost and Provider Bill Review: Expert health plan consulting, effective claim negotiation, and comprehensive plan administration.

Accarent Health

Accarent Health offers access to over 300 specialized surgical procedures and treatments for both adult and pediatric members, through a network of some of the highest-rated providers in the country.

Predictable Costs: Know what to expect financially. **No co-pays or deductible**

Coordinated Care: Bundled services ensure that all healthcare professionals involved in your treatment are working together towards your recovery, offering you a more integrated and efficient healthcare experience.

Savings and Quality Care: Bundling services can lead to cost savings due to the efficiency of providing a package of care versus individual services.

Advanced Risk Management (ARM)

ARM specializes in large claims integrity review and negotiation, maximizing claims savings through diligent review and cost utilization strategies.

SERVICES:

- Large Claims Review & Negotiation
- Catastrophic and High Profile Claim Management
- Dialysis Claims Negotiation

CancerCARE by INTERLINK

CancerCARE, a subsidiary of INTERLINK founded in 2012, specializes in providing comprehensive cancer treatment management and cost containment solutions. They address critical issues in cancer care, offering evidence-based and personalized treatment plans to improve patient outcomes and reduce healthcare costs.

SERVICES:

- Diagnosis Confirmation
- Evidence-Based Care
- Personalized Treatment Plans

Emerging Therapy Solutions (ETS)

ETS offers end-to-end solutions to manage high-cost risks and provide life-changing therapies. They specialize in cell and gene therapy forecasting, clinical content, and network access.

SERVICES:

- Cell & Gene Therapy Pipeline Forecast Reports
- Single case agreement negotiation
- Outcomes tracking and value-based contract administration

Health Payer Consortium

Health Payer Consortium (HPC) lowers the overall cost of healthcare claims. HPC has vast experience, with members of the team having managed or established some of the largest companies in the self-insured space.

SERVICES:

- Direct Contracting
- Pre-service and Post-claim Negotiation
- Obtaining Refunds on Billing Errors and Non-Payable Items

Highlight Health (HLH)

Highlight Health acts on behalf of individuals, groups, and self-funded health plans to consult, review healthcare costs, and provider bills. They utilize technology, legal expertise, and negotiation strategies to save clients from substantial overpayments.

SERVICES:

- Health plan consulting
- Plan administration
- Cost containment strategies

MedWatch

MedWatch delivers a full spectrum of healthcare services and cost containment solutions, supporting businesses and their employees through every step of their healthcare journey. They provide seamless integration of solutions that maximize health benefits and reduce costs.

SERVICES:

- Comprehensive Support Services
- Cost and Quality Transparency Tools
- Advanced Case Management

Reliant Health Partners

Reliant offers precare negotiation services for anticipated OON cases, including dialysis, oncology, etc., to establish an agreed upon reduced reimbursement model in line with Plan specifications.

SERVICES:

- Medical Necessity Review
- Billing Error Review
- Appeals Management

Rocky Mountain Review

Rocky Mountain Review specializes in providing comprehensive review and analysis services, helping self-funded TPAs and Stop Loss Partners identify and prevent fraudulent activities, unnecessary expenses, and billing errors. Our team of experts is equipped with advanced technologies and industry-leading practices to thoroughly examine claims, uncover discrepancies, and ensure that your clients' healthcare costs are accurately billed.

SERVICES:

- Medical Necessity Review
- Billing Error Review
- Appeals Management

RX VALET
Feel better.™

Rx Valet (RxV)

Rx Valet offers comprehensive cost-containment solutions in the pharmaceutical industry, focusing on reducing prescription costs for health plans and their members. They utilize advanced technology and innovative programs to manage and lower medication expenses effectively.
